Marjorie North

Cards eagerly exchanged

Born and raised in Vermont, Elsie Gilmore relocated to Sarasota four years ago.

She was struck by all the motivated and creative women here, she said the other day. "The women in Sarasota are doing things ... really cool things. The women I met when I moved here are business owners, artists, designers, you name it. And they always had projects going with other cool women."

Elsie recently formed a casual networking group called "Women With Moxie," attracting a crowd of more than 50 who gathered at Metro Coffee & Wine on Osprey. The next get-together will be at Metro on Sept. 19 from 7 to 9 p.m. Check out the Web site:
